

Praise Is Waiting

(Chord progression, entire song: E B C#m A)

Every creature that has breath to breathe
Every mouth that has words to speak
Every child, man and woman
Praise the Lord

Every nation in every continent
Every sound from every instrument
Everyday, for all His wonders
Praise the Lord

Praise waits
Praise is waiting, waiting for You
Praise waits
Praise is waiting, waiting for You

Every moment filled with words of love
Every hour, songs that lift You up
Everyday, for all Your wonders
Praise You Lord

Every moment, how we long to hear
Trumpets sound, announcing that you're near
As we wait, hear us singing
Praise You Lord
